ABOUT US

Vijay Trans Logistics was established in 2016 by Naresh Kumar with the vision of providing dependable, professional and transparent road transport services.

Starting with a small fleet and focused operations, the company built its reputation through safe delivery, honest service and strong long-term customer relationships.

Today, Vijay Trans Logistics has established itself as a trusted fleet owner and transport contractor, delivering secure, efficient, and timely logistics solutions to industries and businesses across India. With an impressive annual turnover of over ₹40 Crore, the company continues to expand its nationwide network while maintaining the highest standards of reliability, operational excellence, and customer satisfaction.

Experienced Transport Operations

10+ Years of practical experience in road logistics and commercial goods transportation.

Professional Drivers & Vehicles

Reliable drivers and well-maintained vehicles for safer transportation.

Long-Term Customer Relationships

Trust, transparent service and dependable delivery remain at the heart of our growth.
